

Watling Academy SEND Information Report

October 2022

At Watling Academy, we believe that all students are entitled to a broad, balanced and differentiated curriculum. We are committed to a policy of inclusion; where students are valued equally regardless of ability and encouraged to achieve their full potential. The achievements, attitudes and well-being of all students are important to us as and practical steps are taken to account for students' varied life experiences and needs.

Watling Academy complies with 'The Special Educational Needs and Disability Act 2014' which sets out the legislation for the identification and provision for children/young people with Special Educational Needs and/or Disabilities (SEND). As set out in the 2014 Act, Watling Academy has regard to the SEND Code of Practice, 2014 when deciding how to support students with Special Educational Needs and/or Disabilities.

Inclusion

All students at Watling Academy, including those with SEND, have access to an exciting and stimulating curriculum, which includes the National Curriculum. As a mainstream school, student learning takes place in the classroom and is facilitated by teachers with 'Quality First Teaching'. Additional targeted individual or small group support is used to help some students to improve their reading, spelling, or numeracy skills. We encourage and support all students to engage with the extra-curricular provision at Watling Academy.

The main school building is across three floors with access to two lifts and toilet facilities for disabled students. The school has 4 'Evac chairs' for emergency evacuation of the staircases which staff are trained to use.

Classification of Special Educational Needs at Watling Academy

The SEND Code of Practice (2014) explains that a child or young person has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for them. This could be because they have greater difficulty in learning than the majority of others of the same age or has a disability which prevents or hinders them from making use of facilities of a kind generally provided for others.

The four main broad areas of SEND are as detailed below:

- Communication and Interaction (C&I);
- Cognition and Learning (C&L);
- Social, Emotional and Mental Health Difficulties (SEMH);
- Sensory and /or Physical Needs (PD).

The following table indicates the numbers of students who were identified as having SEND by Year Group and what **primary category** their need fell into in during the 2021/2022 Academic year.

	Education, Health and Care Plan (E)	SEND Support (K)	Intervention (I)	Cognition and Learning <i>inc. SpLD</i>	Communication and Interaction <i>inc. ASD</i>	Social, Emotional and Mental Health	Sensory and/or Physical
Year 7 (300 students)	8	26	9	28	15	10	5
Year 8 (180 students)	2	14	8	13	9	2	2

Please note that pupils may also have secondary needs which are not represented in this data.

Identifying Need

At Watling Academy, the identification of special educational needs is a thorough process, involving the views of teachers, parents, carers, SEND team and in some cases, as appropriate, external specialists. This ensures that all areas are considered in order to determine if the student has special educational needs or whether the impact on progress and attainment is as a result of other factors.

Information about your child's Special Educational Needs comes from a number of sources:

- Primary School as part of our Year 7 Transfer process.
- Cognitive Ability Tests.
- Screen tests for reading comprehension.
- Observations.
- Monitoring student progress.
- Teaching Assistant feedback.
- Parental concerns and referrals.
- Student self-referrals.
- Information from Heads of Year and pastoral team.
- Information from subject teachers.
- Reports from external agencies.

If you think that your child may have Special Educational Needs that have not been previously identified, you should contact the school and ask to make an appointment with the Special Educational Needs and Disabilities Co-ordinator (SENDCo). You could also contact your son/daughter's form tutor, Head of Year, Assistant Head of Year or Pastoral Assistant.

The Graduated Response

Watling Academy adopts the levels of intervention as described in the SEND Code of Practice, (2014). The Code of Practice advocates a graduated response to meeting students' needs.

Within our Academy, every teacher is a teacher of every child, including those with SEND, therefore we believe it is essential to create an inclusive environment for all students within the educational setting. All teachers are therefore responsible for the progress and development of students in their class. Their role will involve identifying, assessing, and making provision for students with SEND and liaising with the SEND team as and when appropriate to the needs of the student. Subject intervention, where required, is made by the teacher and supported by the Head of Department through the 'Assess, Plan, Do and Review' system used at Watling Academy.

Special Educational Needs and Disabilities descriptors used in our Additional Needs Register:

- Intervention (I) - This is a monitoring group, characterised by interventions that are different from, or additional to, the normal differentiated curriculum. Intervention can be triggered through concern, supplemented by evidence that despite receiving differentiated teaching a student makes little or no progress over a sustained period or demonstrates difficulty in developing skills in key areas.
- SEND Support/ External Agency Involvement (K) – This is characterised by ongoing active involvement of external services including Educational Psychologists and Specialist Teachers. A student with a formally diagnosed Special Educational Need and/or Disability or who continues to make little or no progress despite intervention will also be at this level. Placement of a student at this level will be made by the SEND team following full consultation with parents/carers. External support services may advise on targets and provide input to the support process where appropriate. All students at SEND Support will have a 'Student Support Profile' identifying strategies and outcomes.
- An Education, Health and Care Plan (EHC) is provided where, after a Statutory Assessment, the Local Authority considers that the student requires provision beyond what the Academy can offer without additional support. Prior to applying for a Statutory Assessment for an EHC Plan, contact is made with the Milton Keynes Council Duty team for advice and to ensure appropriate steps have been taken. We recognise as an Academy that a request for a Statutory Assessment does not inevitably lead to an EHC. Further information regarding application for Statutory Assessment can be found in our SEND policy.

Support for Students with Additional Needs

Staff at Watling Academy support individuals at a level appropriate to their needs through effective differentiation in the classroom. The SEND Department aims to ensure the fullest possible access to the curriculum for all students. Student groupings are considered alongside the SENDCo and Pastoral teams and staff have a clear approach to Teaching and Learning which aims to support all students, including those with SEND.

The provision in place to support students is reviewed throughout the year and formally twice yearly to ensure it addresses the needs of current students. All students have access to quality first teaching and there is ability setting in some subjects.

Pastoral support is provided to students through their form tutors, Heads of Year, Assistant Heads of Year, Inclusion and Pastoral Assistants, and Wellbeing Lead. In addition, students with SEND may be included in social skills programmes.

Other interventions have included:

- Literacy and numeracy intervention groups
- Targeted intervention groups for key skills
- Mentoring from Pastoral Assistants
- Support at breaktime and lunchtime
- Liaison with outside agencies
- Homework support
- Clubs
- Pastoral intervention

All students who are at SEND Support (K) have a 'Student Support Profile' outlining the specific strategies and support that are recommended for each student. All students who have an Education, Health and Care Plan (EHC) have an 'Academic Profile' which has detailed information about areas of need, specific strategies to use and outcomes for each student.

Resources have been allocated based on students' individual needs following discussions with relevant parties where require. Some students have received one to one or group support of a Teaching Assistant in some or all lessons. Small group interventions have been ongoing across the academic year focused on additional support with literacy and numeracy. A small selection of students have accessed support during social time from key staff members.

Progress reports are issued up to three times in the Academic Year which highlight current learning grades for those students in Year 8 and above, as well current homework, engagement and behaviour levels in all subjects. End of Year examinations take place in the Summer term to prepare students for terminal assessments and the results of these assessments are also sent home to parents/carers. All students identified as SEND Support or with an Education, Health and Care Plan will have individualised outcomes that they are working towards across the academic year, and they will also have these reviewed with their allocated key worker and/or SENDCo and Deputy SENDCo. Assessment information feeds into reviews regarding student progress.

For students with an Education, Health and Care Plan (EHC) an Annual Review will be held with the SENDCo and all relevant professionals will be invited to attend.

At Watling Academy, we recognise that progress can be measured in many ways particularly for students with SEND. We work to support students within all aspects of their education and often the most significant progress for our students relates to their overall wellbeing, social skills, independence, and confidence.

Number of students involved in selected interventions and support

Intervention	Number of students 2021/22
Non-JCQ Exam Concessions (Year 7-8)	43
Word processor users in lesson	2
Guided Reading scheme	16
Numeracy Intervention scheme	26
Teaching Assistant led social skills group	24
Students using coloured paper/overlays	7

Staff Expertise and Ongoing Development

All teachers are trained in accordance with the Teacher Standards (2012) and there is an ongoing programme of whole school training in teaching and supporting students with SEND which includes:

- Specific Learning Difficulties
- General learning difficulties
- Autistic Spectrum Disorder
- Hearing Impairment
- Visual Impairment
- Sensory Support
- English as an Additional Language (EAL)
- Disability Awareness
- Literacy and reading difficulties

There is also regular training in:

First Aid, Teaching and Learning, Looked After Children, Managing Behaviour, Child Protection.

Communication with Parents and Carers

We involve parents/carers in school-based support for their child and we aim to ensure that they understand the purpose of any intervention or programme of action. Parents/carers are informed about their child's progress in a number of ways:

- Parents/carers will receive regular progress reports and information from subject staff.
- Parents/carers may also receive updates on progress from allocated teaching assistants.
- Parent and Tutor Consultation evenings which provide an opportunity to meet with subject staff and discuss progress, which are attended by the SENDCo and Deputy SENDCo.
- Students with an Academic or Student Support Profile have clear targets that are regularly reviewed with key workers and may also be updated through meetings with the SENDCo or SEND Support team.
- Students with an Education, Health and Care Plan (EHC) will have an Annual Review meeting with parents or carers and relevant outside agencies will be invited to attend.
- Where there are concerns regarding a student, Heads of Year and Form Tutors will also contact parents/carers.

Accessibility

The Academy building as accessible as follows:

- The Academy is on three floors with lift access to the first and second floor
- Entrances to the Academy are flat
- Evac chairs for the safe evacuation of students from the first and second floor
- Disabled toilet facilities are available

Adaptions to learning resources, including the use of appropriate technology, may be required for students. Decisions regarding personalisation and differentiation of resources are made in response to individual needs.

Transition Support

We gather a lot of information about students with SEND in order to fully prepare for joining Watling Academy. This includes:

- Close liaison with primary schools during the Summer term
- Primary school records
- Additional transition visits from primary schools in the Summer term
- Induction days
- Additional supported transition days for identified students
- Reports from external agencies
- Contact with parents/carers
- Where possible and appropriate, a Teaching Assistant may begin working with a student in their primary school in the Summer term prior to the transition in September.

Dealing with Complaints

Parents are encouraged to discuss any problems with their child's subject teacher or form tutor initially. Most problems can be resolved in this way. If this is not the case, parents may raise their concern with their Head of Year, Assistant Head of Year or SENDCo as appropriate. However, if this is not successful and a parent wishes to make a formal complaint, the Governing Body has published guidelines for parents detailing the necessary stages in the Complaints Procedure.
