Dear Parents and Carers

Year 9 Options Preferences - Online Form

The online form for selecting Year 9 options preferences is now available using the link below. Please make sure you read the information on the form and complete it carefully. Once submitted, you will not be able to make changes to the form.

It is important that students take their time to make fully informed choices about the courses they wish to study next year. It is **not** a first-come, first-served system and all student preferences will be considered together.

The Curriculum and Course guide and the presentation from yesterday's Year 9 Options Evening are available on the school website at:

<https://watlingacademy.net/education/implementation/years-10-11/>

The link to the online Options Preferences form is here:

The deadline for submission of the form is **9am on Monday 26th February.**

Yours faithfully
