Revision strategies and materials

The best way to revise maths is to do maths!

Continual revision on sparx maths – use the codes given every half term and in the topic checklists.

Maths genie – work through exam questions topic by topic

[Maths Genie - Free Online GCSE and A Level Maths Revision](#)

GCSE revision past papers – we are currently working through AQA revision papers for homework.

Use these or papers from different exam boards for revision

Revision books – target grade books work through content very nicely
