

Year 8 Graphic Products Architectural Sketching

Project Overview

Assessment Focus:

What areas will you be assessed on in this project?

Design & Development

You will generate and develop a range of sketching techniques that are used within the architectural practices, with a focus on one-point perspective, two-point perspective, isometric and plan drawings. .

Making

From your sketches you will produce a small scale card model of a building. Focusing on hand tools and precision, the model will be used to represent your designs in a physical form.

Knowledge & Communication

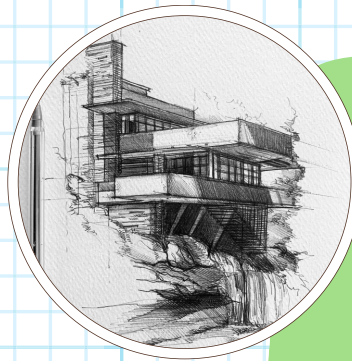

You will be assessed at the end of your project on your subject knowledge and understanding.

Student Reflection & Targets

Reflect on your last project and set your self a target to work on in this DT project. **RED PEN**

1: What did you enjoy most about your previous project?

2: What would you do differently?

3: Set a target for yourself (what would you like to improve? this could be a skill)
